

Jubilee Oak Report – 5th April 2012

At the February meeting I was charged with looking at 3 sites:

- The bottom of Cow Lane
- The Churchyard
- The start of the footpath at the end of Rose Lane leading to Little Chesterford

with regard to their suitability for planting the Jubilee Oak.

Since the meeting a further site has been put forward which on reflection appears to be far more suitable.

The site now being proposed is the corner bounded by the Play Area, Football Pitch and the Slade; the football teams have been consulted regarding any possible problems regarding the football pitch and it is not thought that there will be an issue.
